Dear CFC Pastoral Search Team,

Having worked with Ed in presbytery for almost seventeen years, enjoyed his company at several pastoral retreats and benefited from his oversight on the ministerial committee as the Posts went into missions overseas in 2006, I was saddened with you when I heard about his passing away in February. I felt what must have been just a small portion of the suddenness and shock that was yours. I am sorry that you have to replace your founding pastor and a dear brother in Christ.

Even as I have prepared these application materials, I have prayed for you that God would grant you a healthy grieving process and lead you to the next phase of your life as a congregation regardless of whether I am to be the pastor or not. I am confident that God will do so.

This cover letter comes with the three other documents you asked for in order to apply for the pastor's position. They are:

- 1) The EPC Personal Information form.** I found this form hard to work with. After I downloaded the file, I could not control font style and size, delete big blocks of empty space or even spell check parts of the document. Forgive me if there is anything sloppy about this document. I tried to clean it up to give it a good presentation, but it just was not possible in places.
- 2) The CFC Questionnaire.**
- 3) My resume.**

The two audio sermons you requested are found at

These are parts 1 & 3 of 3 part series I delivered in February at an English speaking church here in Germany. The second part is actually the first sermon posted twice by mistake. If you would like to hear the second part, I have it on DVD.

May the Lord bless you and keep you as you discern His guidance in this task, and I look forward to hearing from you.

Sincerely yours, in Christ,

Brian Post
